

At-a-Glance

Acrolinx GmbH, founded in 2002, produces industry-leading software powered by Artificial Intelligence that improves the quality and effectiveness of enterprise content. Acrolinx captures an enterprise's guidelines and aligns content with them, making sure content stays consistent and meets the standards of the enterprise.

Acrolinx saves businesses time by streamlining the writing process and providing automated feedback on content quality, improving content impact over time. Acrolinx helps Fortune 2000 companies eliminate editorial bottlenecks and quality issues, cut costs, and reduce compliance risks in their content supply chain.

Today Acrolinx is:

The leading Enterprise Content Governance Platform, powered by AI and Natural Language Processing (NLP)

Trusted by more than 180 of the world's most valuable brands

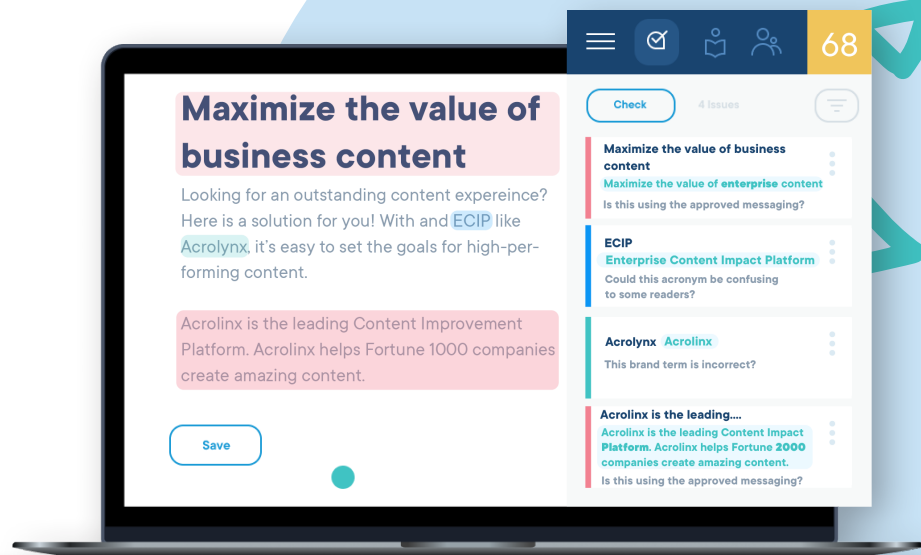

Award winning: MarTech Awards, OnCon Awards, International Business Awards, and others

Headquartered in Berlin, Germany with global operations

Backed by GENUI and EMH Partners
